Sometimes it takes a village to create a green space, make fresh produce available in a food desert, and provide educational opportunities. In just a few years, the Betts Longworth Historic District Group with support from the Development Fund West End and army of volunteers have transformed a community-owned parking lot into a foraging garden serving the neighborhood. Join members of the group for a tour of the Betts Longworth Historic Group Garden and Hays Porter School Garden. No reservations or tickets required. Meet at the corner of John and Chestnut Streets. Find more information here.
