Nicholas Oberlies' program on May 21 has been canceled due to a family emergency and will be rescheduled

Gathering Council

When: Wednesday, June 10, 7-8 p.m.
Where: Virtual Program

Gathering Council is a guided exploration of extended cognition and the idea that thinking is not confined to the brain, but emerges through our relationships with body, environment, and community. Sophie Strand, a writer based in the Hudson Valley, invites participants in this virtual program to reimagine illness, ecological instability, and social upheaval not as isolated crises, but as entangled experiences that can deepen perception and connection.

Registration Required.
